Connecting to the Wireless Network with Windows 8

In order to connect to the wireless network at Trinity (TrinAir), you will need to perform the following procedure on your computer. After these steps have been completed once, your computer should automatically reconnect in the future.

1. Move your cursor to the upper left corner of the screen (or swipe left from the right edge if using a touchscreen). “Click Search”

2. Click in the search dialog box and type “Control Panel.” Then Click “Control Panel”

3. Click in Control Panel search dialog box.

4. Type “network” in the control panel dialog box.
5. Click “Set up a connection or network”

6. Select “Manually connect to a wireless network,” then click “Next.”

7. Enter “TrinAir” for the network name, select “WPA2-Enterprise” for the security type, ensure that the Encryption type is set to “AES,” and then click “Next.”
8. Click “Change connection settings.”

9. Click the “Security” Tab at the top of the TrinAir Wireless Network Properties window. Then click “Settings.”

10. In the Protected EAP Properties window uncheck the “Verify the server’s identity by validating the certificate” check box. Then click the “Configure…” button.

11. Uncheck the box and click “OK” button. Then click “OK” on the Protected EAP Properties window as well.
12. Click the “Advanced settings” button on the TrinAir Wireless Network Properties window.

13a. Check Here

13b. Select “User authentication”

13c. Click Here

13. Click the checkbox to “Specify authentication mode,” and then change the drop down menu to “User authentication.” Then click “Replace credentials” button.

14. Enter your Trinity Christian College login information. Don’t forget to put ‘academic\’ in front of your user ID. (ex. academic\XX12345) Then click “OK.”

16. Move your cursor to the upper left corner of the screen (or swipe left from the right edge if using a touchscreen). “Click Settings”

17. Click the icon that shows the wireless signal and the words “Available.”

18. Click “TrinAir” and check the “Connect automatically” check box. Finally click “Connect” button. You should now be connected to TrinAir.

If you are unable to connect to the wireless network or are experiencing problems with any of these steps, please bring your device to the IT Help Desk located on the main floor of the Huizenga Memorial Library. A technician will be able to assist you Monday – Friday, during the hours of 8 a.m. – 5 p.m.
